

Combat Power for the 21st Century Technology at your Command

Principal Characteristics

LOA - 127 m
BOA - 31 m
Draft - 4.5 m
Superior stability in adverse seas

Propulsion & Electrical

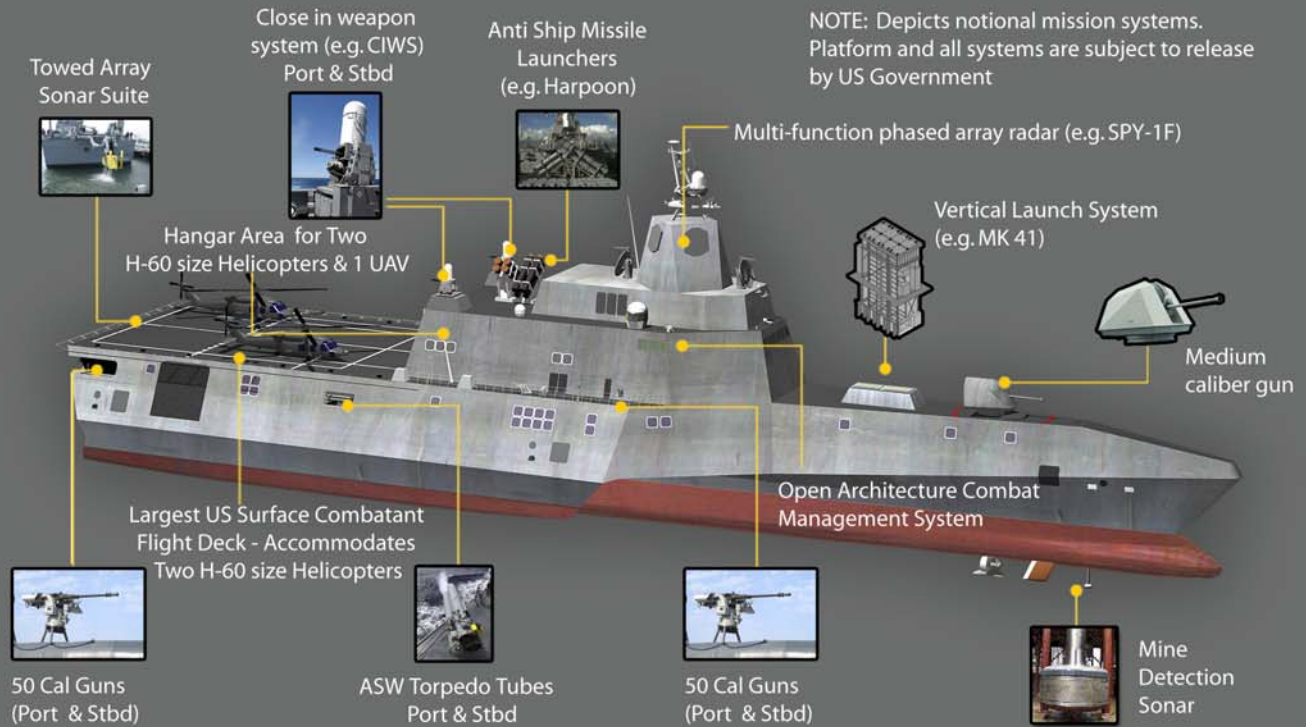

Gas Turbines (2)
Diesels (2)
Waterjets (4)
Retractable Azi Thrusters(1)
Diesel Generators (4)

Aviation Facilities

Hangar for (2) H-60
Flight Deck for (2) H-60 or (1) H-53

GENERAL DYNAMICS

Warfighting and Surveillance technologies can include:

- * Network-Centric operations
- * Anti-Air Warfare (AAW)
- * Surface Warfare (SUW)
- * Undersea Warfare (USW)
- * Electronic Warfare (EW)
- * Mine Detection & Avoidance
- * Operability in high sea states for both aviation and watercraft launch and recovery
- * Largest flight deck of all US surface combatants
- * Large, versatile mission deck
- * Roll-on/roll-off capable

A Technologically advanced platform with the flexibility to meet your mission needs, anywhere, anytime
